

Dear Friend,

We want to start off by saying how much we admire your strength and courage in making this difficult decision. We can only imagine how you must be feeling as you put the love for your child above yourself. We pray that the Lord comforts you as you make such a compassionate decision. We pray that the Lord gives you faith and hope for the future, knowing that your child will be raised in a Christian home. We pray for your child, that they will have a relationship with the Lord, that they will be healthy, and that they know the immense amount of love you have for them.

We are Aaron and Sara. After five years of dating we moved from Iowa to Colorado and were married a year later. As newlyweds we took time to explore all of the great things Colorado had to offer such as camping, hiking, and skiing. We also took time to travel, focus on our career aspirations, and waited until we were financially stable to raise a family.

We have been happily married for 12 years. Our marriage continues to grow with faith, love and encouragement. God has truly blessed our family. Our Christian faith is very important to us and we are trying to teach that faith to our son. We pray together as a family every night, thanking the Lord for the things he has provided us with. One year ago we were blessed to adopt our son, Titus, and now the Lord has placed it in our hearts us to adopt another child.

We are interested in an open adoption where our child will have a relationship and know their birth family. We are flexible to the degree of openness; whether that be visits, text messages, videos or pictures. We believe that an open adoption is a very special experience because our child will not only know their birth family but will see firsthand the amount of love you have for them.

We are deeply honored and blessed that you are taking the time to learn about us... our family, our faith, our interests/hobbies, and who we aspire to be as parents.

With Love,

Aaron and Sara
