

hello!

We are Michael and Casey. We have been married for 14 years. Our daughter, Everleigh, is two. We adopted her when she was just four days old.

Our first adoption journey began in 2015. We had been trying to get to get pregnant for about five years without any luck. **Although we didn't originally think adoption was going to be a part of our story, we thank God every day that He knew better than we did.**

Now, here we are almost four years later with our beautiful little girl, an open adoption with her birth family that we communicate with weekly, see regularly and love fiercely. **It is such an honor to call this our story so far.**

Our adoption journey started because of infertility but we are continuing it now because **we simply love adoption.**

Most of all, we want you to know that we will love your child unconditionally. **There will never be a day that passes that they won't hear how much they are loved, valued and cherished.**

A COUPLE OF THINGS WE WANT YOU TO KNOW ARE:

- 1) **You will always be loved.** Even though we haven't met you yet, we pray for you every single day.
- 2) Your child will always know the sacrifice you made for them.
- 3) From day one your child will know about your story and your courage. **They will always know they are loved by you.**

We truly do love our story so far. We would love for you to be a part of our next chapter.
