

You are invited to be a

community *partner.*

Hope's Promise offers many Community Partnership opportunities for individuals, businesses, and organizations with a heart for children who are dear to God's heart.

Hope's Promise believes God designed families as the best place for children to grow and thrive. We are working around the world to strengthen families through ethical, Christ-centered foster care, adoption, and global orphan care. Our adoption and foster care programs serve children and families in Colorado and our global orphan care programs serve in Kenya, Nepal, Vietnam, and Zimbabwe.

"When our organization decided to start giving back a percentage of our profits, we looked for Christian organizations that shared our values and were focused on helping, serving, and preserving families, on a local and a global level. Hope's Promise ticked every box. It has been a joy and a blessing to support Hope's Promise in its ongoing efforts to make Christ known by providing immediate relief, education, and help to families, orphans, and vulnerable populations around the world. We couldn't be happier to be part of their story."
